# The Canada - Italy Green Building Forum

## Vancouver, Feb. 11 - 12 , 2026

# The context

# On the Canada-Italy Green Building Forum

Canada - Italy Green Building Forum is the annual event of the Italian Chamber of Commerce in Western Canada dedicated to exploring Canada's opportunities in the green building and smart cities sectors for Italian companies.

The event takes place February 11-12, 2026 as part of the Buildex trade show at the Vancouver Convention Center West.

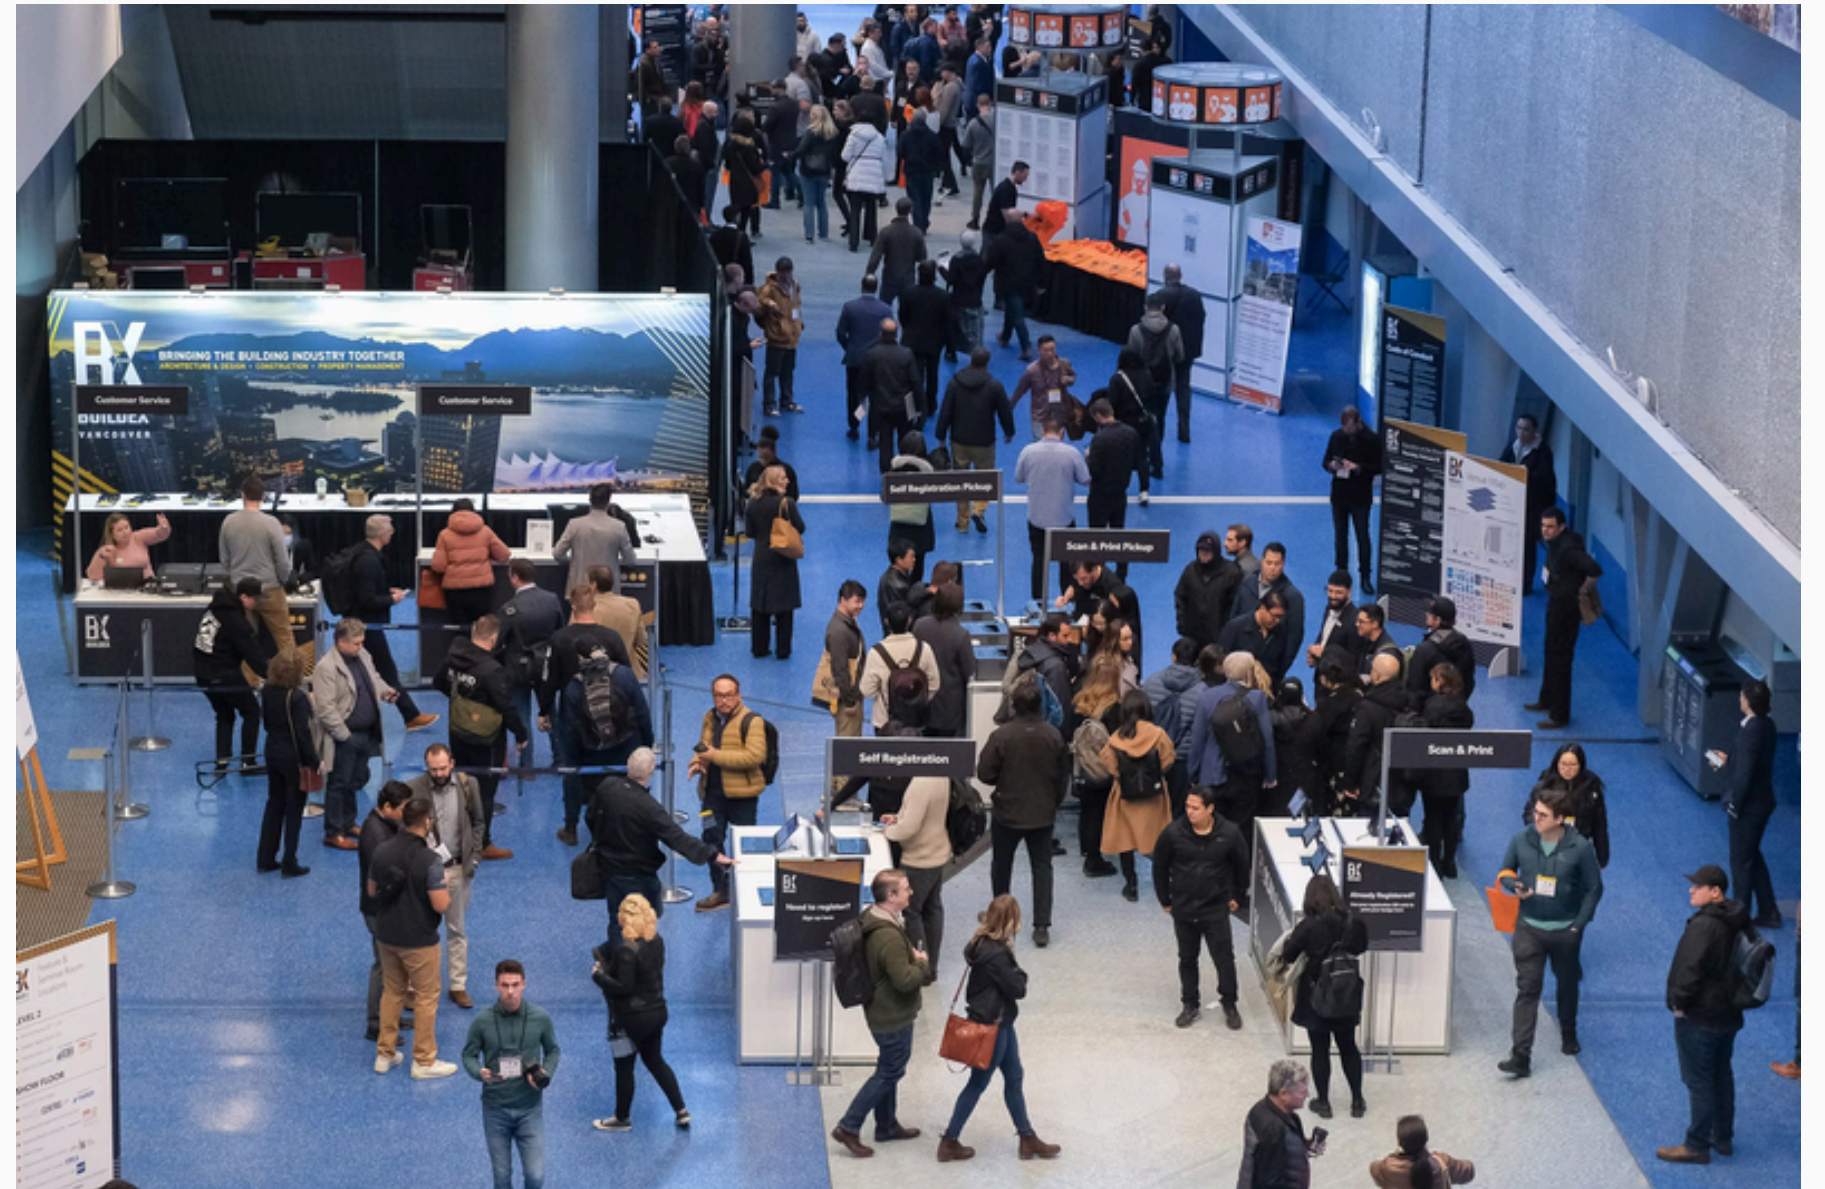

# About Buildex Vancouver

BUILDEX Vancouver is Western Canada`s largest trade show for building, furnishing, and construction.

The 2025 edition, with over 8,000 attendees across two days, 330+ exhibitors, 40+ sponsors, and 200+ speakers engaging in seminars and workshops, provided a unique networking and business opportunity for all participants.

# Why Canada

Canada formally pledged to invest in clean technologies, renewable energy, and the public transportation system at the UN Climate Conference in November 2015.

Federal infrastructure investment plan of \$120B over 10 years:

- Green Infrastructure: \$5B\* (\*2014-2020)
- Public transit: \$3.4B\*
- Social infrastructure: \$3.4B\*
- Clean water & wastewater: \$2B

Canada is the worldwide leader in the production and use of renewable energy.

The green sector in Canada:

- 50.000 job positions
- \$12 billion of revenue
- revenue from exports of \$6B - 68% of the Green Tech sector companies export

# Why Vancouver: the green building market

# Canada - Italy Forum on Green Building (2<sup>nd</sup> edition)

During BUILDEX Vancouver 2025, the Chamber of Commerce organized the second edition of the “Canada - Italy Green Building Forum,” an event dedicated to fostering the development of opportunities for Italian companies in the green building sector.

The Forum saw the activation of an exhibition space, a seminar on the main floor of the fair, a networking event for trade operators, and a customized b2b agenda for Italian exhibiting companies.
